Re: Application for Amendment to Registration of Seican, EPA Reg. No. 91473-2

Dear Mr. Bryceland:

On behalf of Seipasa S.A. ("Seipasa"), I am submitting the enclosed application for an amendment to the registration for "Seican" EPA Reg. No. 91473-2. In essence this amendment would revise the product's label, as follows:

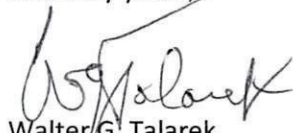

1. Corrects the typographical error in the Hazards to Humans and Domestic Animals section by deleting the words "substantial but temporary eye injury"; and
2. Completes the registration number for the product.

Please find enclosed an electronic copy of the product's revised label.

Expedited review of this application for an amendment is requested under FIFRA section 3(c)(3)(B)(i).

If you have any questions about Seipasa's application, please feel free to contact me.

Sincerely yours,

Walter G. Talarek  
Authorized Agent

Re: Application for Amendment to Registration of Seican; EPA Reg. No. 91473-2

Dear Mr. Bryceland:

On behalf of Seipasa S.A. ("Seipasa"), I am submitting the enclosed application for an amendment to the registration of "Seican", EPA Reg. No. 91473-2. In essence, this amendment would revise the product's label by adding "hemp" to the crops table. In support of the addition of this crop to the product's registration, Seipasa offers the following: (1) the Agency has promulgated a tolerance exemption which covers the cinnamaldehyde active ingredient in this product, i.e., 40 CFR § 180.1156; (2) the product's current label includes a wide variety of field grown, terrestrial food and non-food crops; and (3) the application methods and rates for hemp are the same as those for the other field crops, and are not expected to result in any difference in human health or environmental exposures;

Electronic copies of the product's revised label (both clean and highlighted copies) have been submitted to the Agency's Central Data Exchange.

Expedited review is requested under FIFRA section 3(c)(3)(B)(i).

If you have any question about this application, please feel free to contact me.

Sincerely yours,

Walter G. Talarek  
Authorized Agent

Re: Application for Amendment to Registration of Seican; EPA Reg. No. 91473-2

Dear Mr. Bryceland:

On behalf of Seipasa S.A. ("Seipasa"), I am submitting the enclosed application for an amendment to the registration of "Seican", EPA Reg. No. 91473-2. In essence, this amendment would add supplemental labeling to the product's registration. The supplemental label lists hemp in the Crops Uses table under Greenhouse Crops. Seican was approved for use on hemp on July 22, 2020. Therefore, Seipasa proposes an expiration date for the supplemental label of 18 months after this date, i.e., January 22, 2023.

An electronic copy of the supplemental labeling for the product has been submitted to the Agency's Central Data Exchange.

Expedited review is requested under FIFRA section 3(c)(3)(B)(i).

If you have any question about this application, please feel free to contact me.

Sincerely yours,

Walter G. Talarek

Re: Application for Amendment to Registration of Seican; EPA Reg. No. 91473-2

Dear Mr. Bryceland:

On behalf of Seipasa S.A. ("Seipasa"), I am submitting the enclosed application for an amendment to the registration of "Seican", EPA Reg. No. 91473-2. In essence, this amendment would revise the product's label, as follows:

1. Add additional tank mixing instructions;
2. Revise the Crops Uses table to delete the words "such as" following each crop group heading and list all the crops within each approved crop group. Please note that, with the exception of Crop Group 17, the representative crops for each of the listed crop groups listed are currently listed on the product's label. For Crop Group 17, the Agency has currently approved "any grass that will be fed to or grazed by livestock";
3. List "hemp" as a separate crop group heading;
4. Revise crop group headings; and
5. Correct typographical errors.

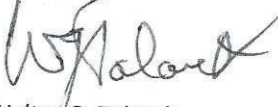

In addition, supplemental labeling listing the above revisions to the tank mixing instructions and crops uses table is enclosed for your review and approval.

Electronic copies of the product's revised label (both clean and highlighted copies) have been submitted to the Agency's Central Data Exchange.

Expedited review is requested under FIFRA section 3(c)(3)(B)(i).

If you have any question about this application, please feel free to contact me.

Sincerely yours,

A handwritten signature in dark ink, appearing to read 'W. Talarek', with a stylized flourish at the end.
